

# Easy steps for proper filling of *Esterbrook*<sup>®</sup> Fountain Pen... Plunger-Fill

---

- 1** Unscrew plunger head from barrel and pull out plunger to full length.

- 2** Completely immerse point in ink.

- 3** Push plunger down, pull out and push down again, wait . . . count to ten slowly as pen fills itself.

- 4** Remove pen from ink, screw plunger head back on to barrel: holding pen point up, wipe point clean with cloth or tissue before writing or replacing cap.
